

OLDER AMERICANS MONTH

AGE OUT LOUD: MAY 2017

From Jaime's Desk

MAY IS OLDER AMERICANS MONTH

Assisted Living Locators empowers Older Adults and celebrates their independence.

Assisted Living Locators empowers Older Adults and celebrates their independence. Getting older doesn't mean what it used to. For many aging Americans, it is a phase of life where interests, goals, and dreams can get a new or second start. Today, aging is about eliminating outdated perceptions and living the way that suits you best.

In observance of Older Americans Month, Assisted Living Locators is reaching out to our clients and to our community to celebrate older adults and help them select care options that can empower their independence.

Assisted Living Locators is a no-cost advocacy, referral and housing placement service for seniors and their families offering expert advice on local care and professional resources in Manatee, Sarasota, Charlotte and North Lee Counties.

Older Americans Month is a great time to begin communicating with your loved one about their future, and what senior housing and care options are available to them. Having an advocate working in the best interest of your family, like a Senior Care Advisor from Assisted Living Locators, can help you navigate the often overwhelming amount of information you will find.

According to the Administration on Aging, the population of adults 65 and older is experiencing the biggest increase in history. Between 2010 and 2050, the number of seniors is expected to more than double. Seniors have many different options for care and housing including, in-home companion care, 55+ active older adult, independent retirement, assisted living and memory care communities and nursing homes. It's important to meet each senior's needs while helping them live as independently as possible.

Assisted Living Locators offers a full assessment of your loved one's needs and recommends a plan that provides the full continuum of care. Our free community-oriented service allows you the freedom to access the best resources available. We take the time to ensure information is fully vetted and the most appropriate housing or care option is selected for your loved one. We are also a resource for short-term respite care, emergency discharges and out-of-town relocations.

If you are a senior or a family member looking for help navigating the many options in assisted living or memory care, we can help. We'll discuss the best fit for your family and even tour with you at our pre-certified partners if you'd like. Contact Jaime Daniels and her team at Assisted Living Locators at 941.479.3500 or via email at JDaniels@AssistedLivingLocators.com.
