NATIONAL HEALTHCARE DECISIONS DAY IS APRIL 16, 2017

Assisted Living Locators is reaching out to the community to promote the value of advanced care directives.

Assisted Living Locators, along with other national, state and community organizations, are leading an effort to highlight the importance of advance healthcare decision-making — an effort that has culminated in the formal designation of April 16th as National Healthcare Decisions Day (NHDD).

As a participating organization, Assisted Living Locators is reaching out to clients and their community to promote the value of advanced care directives (healthcare power of attorney and living will) and to initiate conversations about long term care planning. A link to resources and information about this new day of awareness is available at

www.nationalhealthcaredecisionsday.org or you can learn more about local resources by contacting your local Assisted Living Locators team at www.AssistedLivingManasota.com.

Assisted Living Locators is a no-cost advocacy, referral and housing placement service for seniors and their families offering expert advice on local care and professional resources in Manatee, Sarasota, Charlotte and North Lee Counties.

We hope National Healthcare Decisions Day, sparks more families to start having thoughtful conversations with their seniors about not only their wishes for advance care directives, but also their short-and-long term care needs and the options available. Various studies suggest that only about a quarter of all adults have engaged in this conversation.

All adults can benefit from thinking about what their healthcare choices would be if they are unable to speak for themselves.

National Healthcare Decisions Day

Assisted Living Locators offers a full assessment of a senior's needs and recommends a plan that provides the full continuum of care. Our free community-oriented service allows you the freedom to access the best resources available. We take the time to ensure information is fully vetted and the most appropriate for your family.

Today, seniors have many different options for care and housing including, in-home companion care, 55+ active older adult, independent retirement, assisted living and memory care communities and nursing homes. We are also a resource for short-term respite care, emergency discharge and out-of-town relocations and can help you navigate what can be an overwhelming amount of information.

If you are a senior or a family member looking for help navigating the many options in assisted living or memory care, we can help. We'll discuss the best fit for your family and even tour with you at our pre-certified partners if you'd like.
